Travertine Spa

I gave Davo [Travertine Spa's Shea Butter](#) for his hands, which can get pretty beat up from hitting the drums. He says this is the best stuff he has tried, because it is rich, but not greasy. Exactly how I feel about it. It ain't cheap, but if you are hard on your hands or just need them to be in great shape, you should buy some. One container can last you months. And partly because I have been nagging him about it, Terry Carter removed all [paraben](#) from his list of ingredients. Excellent!

I previously mentioned Travertine Spa's Shea Butter [here](#) and [here](#).

It does wonders for old hands that do a lot of work in the garden. I also love their lavender hand soap. Feels sooo luxurious I'm reluctant to rinse my hands.
