Travertine Spa products, sold exclusively in high-end spas, resorts and exclusive health clubs has a new design. And a new product.

Soy wax candles (clean burning and non toxic) are new to the Travertine Spa product line. Stylishly bejeweled with a band of faux crystals that look like a diamond bracelet around the candle.

Plus the fragrance of fresh bergamot blended with citrus.
Burning time approx. 35 hours. (7.5oz)
